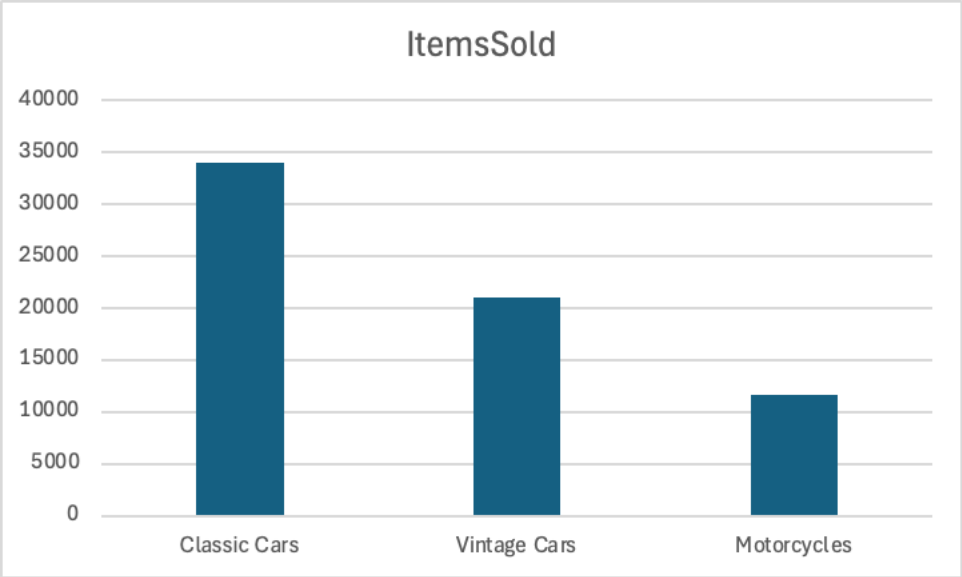
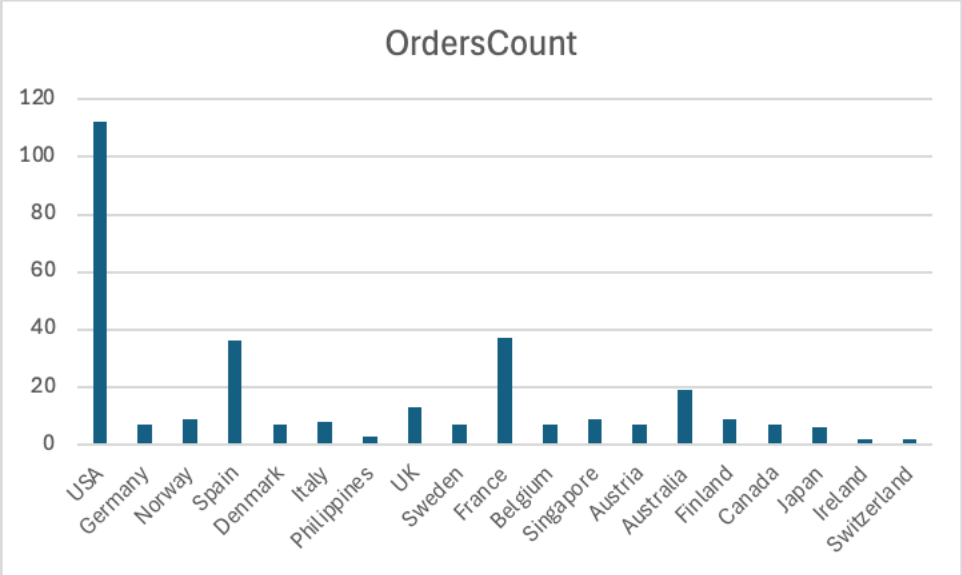
Visualizations:

Q) Which are the top 3 selling product lines? What is the total revenue generated from each product line?



Q) How many orders have been shipped to each country?



Q) Create a report that categorizes total sales revenue for each product line into custom bands
(Under 2,000, 2,000-5,000, 5,001-7,500, 7,501-10,000) and shows the number of products sold in
each band.
